VSoft Corporation Ranks on the Inc. 5000 for Fourth Consecutive Year

ATLANTA, Aug. 31, 2010 – [VSoft Corporation](http://www.vsoftcorp.com), a provider of process improvement solutions for financial institutions, announced it has been named for the fourth consecutive year to the [Inc. 5000](#), an exclusive ranking of the nation's fastest-growing private companies. The list represents a comprehensive look at the most important segment of the economy—America's independent-minded entrepreneurs. The 2010 Inc. 5000 list is ranked according to percentage revenue growth from 2006 through 2009.

Over the span of the three years measured, VSoft successfully launched its outsourcing service, VServe Incorporated, and its consumer capture solution, [Agile Home/Office™](#), helping community institutions to further improve service, reduce cost and maximize efficiency. More than 1,900 banks, credit unions and savings institutions trusted the company's services to meet their individual needs and help them mature in spite of a down economy.

"The leaders of the companies on this year's Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression," said Inc. president Bob LaPointe. "The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs."

VSoft continues to expand its business in 2010, and has already introduced a new core platform, CoreSoft, launched a Software as a Service (SaaS) delivery model for its full suite of check processing, document and reporting solutions and reached a significant milestone with 4,000 credit union branches leveraging its imaging solutions.

"We are honored to have VSoft's growth and stability recognized by the annual Inc. 5000 for the fourth straight year," said said Murthy Veeraghanta, chairman and managing director of VSoft Corporation. "The economic environment and changing regulations have caused banks and credit unions to place an even stronger emphasis on efficiency and service, and VSoft is prepared to meet that need for every specific business case. We are proud of our growth, and we believe we have positioned VSoft for continued expansion in years to come."
