### **Corporate America Credit Union Chooses VSoft for Single Sign-On**

*Corporate credit union expands partnership again with VSoft with new feature, streamlines management of third-party applications*

**ATLANTA, Jan. 17, 2017** - [VSoft Corporation](#), a global provider of information and technology solutions for financial institutions, announced today that [Corporate America Credit Union](#) (CACU), a not-for-profit financial cooperative, recently selected and is now in production with its OnView Single Sign-On (SSO) application.

VSoft's Single Sign-On solution will enable CACU to better manage its third party software applications, including user roles and restrictions. The application will aggregate all third party applications together in one place for ease of use. Member credit unions will benefit from advanced technology that retrieves all credentials for secure authentication and login. Eliminating the need to manage multiple login credentials provides added convenience for users.

"Having worked with VSoft for over eight years, we know the value of their products and have been pleased with their outcomes. The Single Sign-On feature is no exception," said Lisa Coffey, Chief Operating Officer of Corporate America Credit Union. "By integrating this feature, we're able to improve our processes and the quality of service we provide our member credit unions."

VSoft's SSO solution provides simple and secure access management. Financial institutions are often plagued with the hassle of password management for a variety of legacy systems as well as on-premise applications. With VSoft's cloud solution, institutions can access a variety of applications securely and conveniently with a single login.

"Corporate America is dedicated to providing outstanding service and access to the latest technology to all its member credit unions, which aligns with our mission," said Murthy Veeraghanta, chairman and CEO of VSoft Corporation. "We are pleased to collaborate with them once again to offer this application."

#### **About Corporate America**

Founded in 1982 and based in Irondale, Alabama, Corporate America Credit Union is a dedicated, not-for-profit financial cooperative governed by a board of directors elected from and by our member-owner credit unions. Corporate America serves nearly 500 credit unions across the nation and seeks to add value to member credit unions by providing access to a comprehensive list of products and services including investments, liquidity solutions, and

correspondent services such as ACH, item processing, and remote deposit capture. Our priority is serving the needs of our member-owners to help ensure their future success. For more information, call (800) 292-6242 or visit [www.corpam.org](http://www.corpam.org).

### **About VSoft Corporation**

VSoft Corporation offers platform-based services for the banking, financial services and insurance (BFSI) industry. Its core, payment and omni-channel banking solutions reduce cost and maximize efficiency while providing seamless, real-time, high-volume and high-performance transactions across multiple channels. The VSoft platform can be delivered in-house, or as an outsourced ASP or SaaS model to best meet the needs of individual financial institutions. VSoft's services have been trusted by more than 2,600 financial institutions worldwide.
