## **Empower Federal Credit Union Grows Relationship with VSoft** Credit Union adds Remote Deposit Capture Solutions on VSoft's unified platform

**ATLANTA**, February 25, 2014 - VSoft Corporation, a global provider of information and technology solutions for financial institutions, announced today that Syracuse, NY-based Empower Federal Credit Union has renewed their existing contract for check processing solutions and has added VSoft's remote deposit capture solutions to its product offerings.

With 1.2 billion in assets and 19 branches, Empower Federal Credit Union is committed to building lasting relationships by meeting their members' financial needs. Since 2010, Empower has partnered with VSoft to improve their member services through a variety of solutions including: Branch Item Capture, Merchant Item Capture, and Teller Item Capture, and more. The credit union selected an outsourced deployment model using VSoft's data center. The data center is a popular alternative that delivers VSoft's full suite of check and core processing software solutions and features high capacity network systems with a dependable infrastructure.

"We are excited to now offer our members the ability to deposit checks anytime and anywhere. VSoft's RDC solutions will help us provide a new level of service and convenience for our members," said Christine Ravas, Vice President of Operations at Empower Federal Credit Union. Ravas added, "We chose to expand our relationship with VSoft because of our positive experience with them as a technology partner."

"We are pleased that Empower Federal Credit Union has decided to continue our partnership and are excited to expand our services with them", said Murthy Veeraghanta, Chairman and CEO of VSoft Corporation. "Signing a new customer in this competitive environment is a great feeling, but it is more personally rewarding to me when an existing customer decides to expand their relationship with VSoft. Our customers are important to us; decisions like Empower's tell me that we are serving our customers well, which is our ultimate goal."
