### **VSoft Adds Financial Platform to CoreSoft with BankTEL Partnership**

VSoft's core banking platform offers complete suite of financial solutions by BankTEL

**ATLANTA, GA and COLUMBUS, MS, Sept. 10, 2013** [VSoft Corporation](#), a global information and technology provider of process improvement solutions for financial institutions, and [BankTEL Systems](#), announced their partnership today that will provide full integration of VSoft's core banking platform and BankTEL's portfolio of financial solutions.

The partnership adds BankTEL's time-tested and highly recommended financial platform as a powerful compliment to CoreSoft, VSoft's next generation browser-based core banking system. CoreSoft customer, Virginia-based Carter Bank & Trust, is the first to sign on for BankTEL's financial solutions through the VSoft partnership. Carter Bank & Trust will take advantage of a variety of cost-reducing tools including BankTEL's Accounts Payable solution, which will automate the bank's complete bill payment process. The bank will also use the Fixed Asset, Shareholder Management and Vendor Management Systems. "Because CoreSoft's design facilitates easy integration of third party solutions," said Worth Harris Carter, Jr., Chairman and President of Carter Bank & Trust, "all BankTEL products will be accessed through our in-house CoreSoft system with a Single-Sign-On (SSO)."

"BankTEL is excited about the partnership with VSoft," Boyce Adams, Vice President of Marketing and Sales. "We had the opportunity to participate in VSoft's user conference, where we met Carter Bank & Trust. VSoft's core banking system and our portfolio of products are both gaining momentum as financial institutions look for modern alternatives to their current solutions. The partnership is definitely positive for VSoft and BankTEL, but is even more valuable to our customers."

“We launched our core system, CoreSoft, a few years ago and have been very careful with the decisions we’ve made to advance the product” said Murthy Veeraghanta, chairman and CEO of VSoft Corporation. “The combination of BankTEL’s user-friendly, intuitive solutions and the company’s commitment to customer satisfaction make them an ideal partner. We are excited to offer our clients BankTEL’s suite of accounting applications.”
