VSoft Named to the 2017 IDC FinTech Rankings

ATLANTA, Sept. 14, 2017 – [VSoft Corporation](#), a global provider of information and technology solutions for financial institutions, today announced they have been named in the 2017 IDC Financial Insights FinTech Rankings, the most comprehensive vendor ranking within the financial services industry.

The annual IDC Financial Insights FinTech Rankings is based on 2016 calendar year revenues attributed to financial institutions, and it recognizes companies that are among the top financial technology providers worldwide. Global providers of financial technology in hardware, software and services are categorized and evaluated by IDC to determine key players in the space.

“A position on the IDC FinTech Rankings is a significant achievement, demonstrating a fintech company’s commitment to the success of their financial institution clients,” states Karen Massey, senior analyst at IDC Financial Insights. “The IDC FinTech Rankings, now in its 14th year, is the global industry standard who’s who of financial services technology providers, and we congratulate the 2017 winners.”

VSoft serves thousands of financial institutions of all sizes in the United States and globally. Known for its deep history in payment processing solutions, the company has succeeded by adapting to evolving technology and supporting dynamic solutions that meet key business strategies. VSoft’s evolution helps them stand out as a diversified company offering a wide variety of products and services, including its core, payment and digital banking solutions, which reduce cost and maximize efficiency while providing seamless, real-time, high-volume and high-performance transactions across multiple channels.

Most recently, VSoft launched [Arya](#), the industry’s first fully integrated digital banking platform, combining both mobile banking and digital banking with native, built-in features including VSoft’s industry-leading mobile deposit. Combining multiple products into one, Arya allows financial institutions to consolidate their online banking, mobile banking and mobile deposit applications without time-consuming and costly integrations. Financial institutions streamline vendor management responsibilities, further reducing costs. Arya also seamlessly integrates into any core banking solution.

“Our inclusion in IDC’s FinTech ranking attests to VSoft’s steadfast commitment in leading financial institutions forward through modern, reliable solutions,” said Murthy Veeraghanta, chairman and CEO of VSoft. “Because we continue to innovate, we continue to see impressive adoption by not only community financial institutions, but some of the largest banks and credit unions in the world. With the latest release of our digital banking platform, Arya, and the continued success of our proven payment processing solutions, we anticipate furthering that growth now and in the future.”
